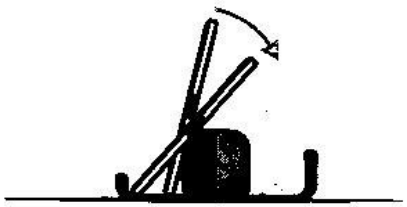
JEFF BANKS

LONDON

A CASE THAT COMES TO LIFE WHEN THE GLASSES ARE REMOVED.

A CASE FOR YOUR GLASSES AND DEVICES THAT IS DESIGNED TO EFFORTLESSLY FIT INTO A MODERN DIGITAL WORLD.
A home for your glasses, tablet, phone, keys, wallet and all the other bits 'n' bobs you carry around.

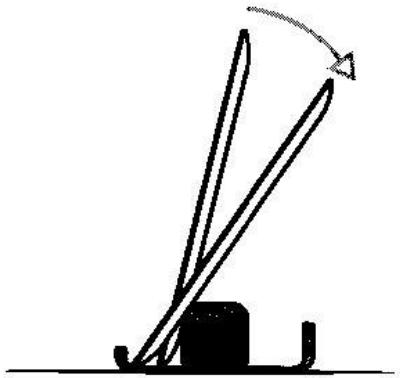
Unlike all other cases before, it comes to life when the glasses are removed.



AT WORK

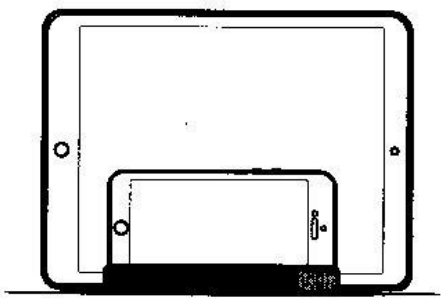
It can be your 'second' screen. When open it can hold your tablet and phone together, display your notes and hide all your desk mess!

AT WORK, AT HOME, ON THE GO



AT HOME

It's handy especially when you use reading glasses to enjoy the latest novel and its is great storage for all your bits 'n' bobs on the bedside table.



AT PLAY

It's for all those times you wish you had something to hold and display your device for you - instead of your hands! Listen to music on the beach, lay in the park whilst reading your kindle, catch up on your favourite programmes in bed and share ideas effortlessly.
